Why is Easter Important

The single reason why Easter was and is so important to Christianity is because it is the centre of our faith and religion, and the basis of our identity as Christians. Sure, Jesus' birth is important, as is His ascension. But none of them saved us from our sins. Jesus' birth is only in two of the Gospels, the ascension in another two and Acts. Yet, you know what is mentioned in every single gospel, and is the focus of each gospel? Not Jesus' birth, not even Jesus' teachings (though these are quite important), but Jesus' death and resurrection. It is so important that it was seen as the cornerstone for Christianity, the rock upon which the early Church was built.

Therefore it can be seen that Easter should be viewed as the most important holiday for all Christians. Not just those pious believers, or those of the early Church. EVERYONE. You, me, your coworkers, your friends, that person down the pew from you, the organist and pianist. Every single Christian should view Easter as the most important event of the year. And we should not be afraid of viewing Easter this way. As Paul says in Romans 1:16, *I am not ashamed of this Good News about Christ. It is the power of God at work, saving everyone who believes—the Jew first and also the Gentile.* This Good News is that Christ died on the cross for all of humanity, not just the Jews, but also the Gentiles that their sins may be redeemed if they believe in Him, that they will have everlasting life. If Paul is not ashamed of the Good News of Christ, then why are we? Why should we not be out celebrating Easter as if it is the most important holiday of the year? Because it is. Easter is the most important holiday of the year for us as Christians.

...thank God for sending His son to die for our sins so that we may have eternal life in Him!
